Visiting Assistant Professor of Biology, College of William and Mary

The Department of Biology at the College of William and Mary invites applications for a, 1-year, non-tenure-track visiting faculty positions that will begin August 10, 2017. We seek an individual who will teach at least one course focused on the analysis of biological data (biostatistics) with a preference for an organismal biologist. The successful candidate will be expected to be an effective teacher and will teach a 3:3 load including small seminars and lab sections as part of that load.

Required qualifications: A Ph.D. in biology, biomathematics, or a related field is required at the time appointment begins (August 10, 2017). Previous experience teaching undergraduate courses and postdoctoral research experience would be viewed favorably.

Candidate must apply online at https://jobs.wm.edu. Position Number: F0875W. Submit a curriculum vitae and a cover letter including statement of research and teaching interests. You will be prompted to submit online the names and email addresses of three references who will be contacted by the system with instructions on how to submit a letter of reference. For full consideration, submit application materials by the review date, March 15, 2017. Applications received after the review date will be considered if needed.

The College of William & Mary is committed to providing a safe campus community. W&M conducts background investigations for applicants being considered for employment. Background investigations include reference checks, a criminal history record check, and when appropriate, a financial (credit) report or driving history check.

The College of William & Mary values diversity and invites applications from underrepresented groups who will enrich the research, teaching and service missions of the university. The College is an Equal Opportunity/Affirmative Action employer and encourages applications from women, minorities, protected veterans, and individuals with disabilities.
