Assistant Professor of Biology: Fish Ecology. Tennessee Tech University, Cookeville, Tennessee. Full-time, nine-month, tenure-track appointment to begin August 1, 2018. The successful candidate will teach undergraduate and graduate courses in the Department of Biology, including General Ecology, Ichthyology, Fish Ecology, and other advanced fisheries courses.

Required qualifications: Ph.D. from an accredited institution in an area applicable to fish ecology, and a demonstrated potential to teach advanced courses such as Fish Ecology; demonstrated peer-reviewed publication record; commitment to and potential for developing an externally funded research program and direct thesis research of M.S. and/or Ph.D. level graduate students; and ability to serve as advisor to undergraduate and graduate students. Previous university-level teaching experience preferred. Research specialty is open and should complement those of current faculty.

To ensure full consideration, all application materials should be received by December 1, 2017; position open until filled. All applicants must apply online at https://jobs.tntech.edu and will be required to electronically upload a letter of application addressing the qualifications and essential functions, and describing teaching and research interests; copies of all college/university transcripts (official transcripts for all degrees conferred required upon hire); a curriculum vitae; and names and email addresses of three professional references. References will be contacted at a later date. Submission of materials is the applicant's responsibility. Applications without all required materials are incomplete and will not be considered. For questions, contact Dr. S. Bradford Cook, email: SBCook@tntech.edu, ph: (931) 372-3194.
