JOB: Assistant Professor of Biology/Enviro Science/Ecology

Young Harris College invites applications for a full-time tenure track Assistant Professor of Biology position beginning August 1, 2019. The applicant must (or will) possess a Ph.D. in a biological discipline and be willing to teach courses in General Biology for science majors and non-science majors, and upper level courses related to their specialty. While the specific area of specialization is not yet decided, application from candidates with an expertise in areas related to the environmental sciences are especially encouraged. Such candidates with training in the marine sciences and/or at the cellular/molecular level would be viewed favorably. The successful applicant will also teach upper level courses in his/her sub discipline as part of the department’s 4-yr curriculum. Although Young Harris College is primarily a teaching institution, the candidate should also have an interest in research and the capability to direct undergraduate students in guided research experiences.

Candidates should apply electronically at https://recruiting.myapps.paychex.com/appone/MainInfoReq.asp?R_ID=2225712. Applications should include a cover letter, CV, and statements of both teaching and research philosophies. Transcripts (copies are fine at this time) should be sent electronically to HumanResources@yhc.edu or by mail to the Human Resources Office, Young Harris College, P.O. Box 68, Young Harris, GA 30582. Three letters of recommendation should be sent directly by mail or electronically (preferably the latter) to Dr. Olya Milenkaya, Chair of the Biology Department Search Committee (olmilenkaya@yhc.edu). Review of applications will continue until the position is filled. Selected candidates must successfully pass a background check.

Applicants who would enrich the diversity of the campus community are strongly encouraged to apply.
