Assistant Teaching Professor (NTT)

Position Description

Position:  Assistant Teaching Professor (NTT)

Location:  Department of Entomology  
School of Environmental and Biological Sciences

Availability:  September 1, 2019

The Department of Entomology at Rutgers University, New Brunswick campus seeks applications for a full-time, 10-month non-tenure track (NTT) Assistant Professor appointment in Entomology with an emphasis on teaching and coordinating courses in Entomology for both entomology and non-entomology majors enrolled in the Entomology, Ecology, Plant Sciences, Biology, or Forensic Sciences Programs. This is a 1-year appointment with possibility of renewal. The teaching load is 3 courses per semester, with possible course releases allowing time for administrative duties.

The successful candidate will be required to maintain a rigorous and robust teaching program in Entomology for both entomology and non-entomology majors enrolled in the Entomology, Ecology, Plant Sciences, Biology, or Forensic Sciences Programs and utilize recognized best practices for science education, including active and experiential learning pedagogies. He or she will be required to teach Forensic Entomology (Spring), Insect Biology (Fall), Insect Morphology (Fall), World of Insects (Spring & Fall), and one additional courses in potential specialty areas and develop online educational opportunities for these courses. In addition, the successful candidate will be required to perform the duties of Entomology Undergraduate Program Director, and will have the opportunity to pursue internal or external funding, publish in peer-reviewed journals, and mentor undergraduate/graduate students in independent projects related to entomology. Participation in departmental and University committees and undergraduate and graduate curriculum development is expected.

SALARY AND BENEFITS:

Academic Rank:  Assistant Teaching Professor (10 month, non-tenure track)

Salary:  Highly competitive and commensurate with education and experience.

Benefits:  Excellent personal benefits package is provided, including one month of annual leave per year, health insurance, life insurance, retirement program, and other institutional benefits.

EDUCATION AND EXPERIENCE:  Candidates must have a Ph.D. in entomology or related area from an accredited institution. Excellent communication, interpersonal skills are desired. Experience in teaching undergraduate/graduate courses required.
EQUAL OPPORTUNITY EMPLOYER: Rutgers University is an equal opportunity employer and seeks to employ the best qualified individual without regard to race, religion, color, national origin, ancestry, age, sex, sexual orientation, physical or mental handicap or disability, marital, military, or veteran’s status. Individuals covered by Section 503 of the Vocational Rehabilitation Act of 1973 or Section 402 of the Veteran’s Readjustment Assistance Act of 1974 may self-identify. If you wish to self-identify, please do so in the cover letter transmitting your curriculum vitae.

Applications will be accepted until March 31, 2019 or until a successful candidate is identified. Upload your letter of application, curriculum vitae, personal statement and the names and addresses of three references electronically to: https://jobs.rutgers.edu/postings/search and search for position #19FA1062.
