Subject: Biologist vacancies in the Corps of Engineers - St Louis and Rock Island Districts

The US Army Corps of Engineers Regional Planning and Environmental Division is looking for some talented folks to join our Environmental Compliance and Ecosystem Restoration Program in the St Louis and Rock Island Districts. We have interdisciplinary (0401, 0408, 0482, and 0486) vacancies that opened on February 7th and will close Friday February 22nd. Positions can be filled at the GS-9, 11, or 12 level.

There are 2 announcements. It is important that the applicant know which announcement to apply through.

Candidates already permanently working for the Federal Government apply through Announcement # SWGG195580491970

<https://www.usajobs.gov/GetJob/ViewDetails/523577100>

Candidates outside of the Federal Government apply through Announcement # SWGG195580491974D

<https://www.usajobs.gov/GetJob/ViewDetails/523576500>

Both St. Louis and Rock Island Districts have a varied workload ranging from ecosystem restoration studies and projects to environmental compliance support on our other core missions like navigation, flood risk management, and environmental stewardship.

If you have any questions I encourage you to contact myself for St. Louis, Brian.L.Johnson@usace.army.mil or Jodi Creswell in Rock Island (309-794-5448) Jodi.K.Creswell@usace.army.mil.

Please forward this announcement to those you think would be interested in applying.

Thanks,

Brian
