Conservation Intern Positions for this Summer!

Montana Conservation Corps is still accepting Conservation Intern applications for Summer 2019!

Are you passionate about the environment, have a strong service ethic, and are looking to gain professional development in a conservation-related field this summer? Check out this amazing opportunity!

APPLY HERE: https://careers-mtcorps.icims.com/jobs/1365/conservation-intern/job

MCC’s Conservation Intern (CI) program provides opportunities for young adults to gain professional experience in a conservation-related field. Conservation Interns serve at partnering federal/state agencies, nonprofits, tribal offices, and other community-based conservation organizations across Montana, Wyoming, North Dakota, South Dakota, and Idaho.

Location: Varies based on host site placement (MT & neighboring states) Position Dates:
   Summer Term: 5/15/18 – 8/16/18
   Extended Term: 5/15/18 – 10/4/18
Living Allowance: $504 bi-weekly AmeriCorps Education Award upon completion of the program.

The Conservation Intern program is designed to make a measurable difference in local conservation efforts while strengthening the professional experience of our members. Interns are placed individually with a partner organization and work under the direct supervision of the Host Site Supervisor, while coordinating with MCC staff to ensure successful completion of the program objectives. CIs serve on a variety of projects including GPS and GIS projects, river ranger patrols, habitat enhancement, data analysis, public outreach and education, trails projects, research, and invasive species management.
