Hancock Forest Management
Southern Oregon Region

Position: Forester
Location: Medford, OR

To Apply: Please apply online or send a cover letter, resume, and transcript in Microsoft Word or Adobe PDF format to jobs@hnrg.com by 8/11/2017. Please include salary requirements.

Hancock Forest Management, Inc., a wholly owned subsidiary of Hancock Natural Resource Group, is seeking a qualified forester to join the team in Medford, Oregon. This position supports all forest management operations on approximately 130,000 acres in Southern Oregon.

General Directive: This position will have responsibilities for harvesting operations related activities which will include harvest planning, harvest layout, budgeting, permitting, and contract supervision. Other duties include assisting with oversight and development of road construction and silviculture activities. Interaction with BLM /US Forest Service and other cooperators regarding road use and license development related to log hauling may be required.

Scope:
- The Southern Oregon Region encompasses approximately 130,000 acres.
- Develop and maintain relationships with regulatory agencies, concerned stakeholders, HFM staff, and HTRG staff.
- Harvest operations, transportation systems, and overall land management.
- Assist with silviculture and support all facets of various programs as needed.
- Assist with road construction and road maintenance as needed.
- Develop a familiarity with timberland accounting, inventory/GIS, silviculture operations permitting, and general forestry operations.
- Position reports to Southern Oregon region manager.

Duties
- Implement and adhere to risk management and safe work procedures.
- Assist in harvest planning, unit layout, contracting, and administration.
- Assist with road planning, layout, contracting, and administration.
- Assist with silviculture planning, layout, contracting, and administration.
- Assist with the development of budgets and forecasts.
- Insure Sustainable Forestry Initiative (SFI) compliance.
- Risk Management.
- Basic mapping tasks with ArcMap.
- Support HNRG groups such as Acquisitions, Client Account Group, etc. as needed.
- Special projects as requested or needed.

Requirements:
- A bachelor’s degree in Forest Management, Forest Engineering or closely related field.
- Strong organizational skills.
- Demonstrated skills in all Microsoft Office products (Word, Excel, Access, and Outlook).
- Demonstrated ARC/GIS skills.
- Team player with ability to work with others’ needs and personalities.
- Highly motivated and entrepreneurial.
- Strong oral and written communication skills.

Hancock Forest Management offers a competitive compensation and benefit package, a team oriented work environment and growth opportunities for its employees.
