Subject: Internships at Reiman Gardens

Will you please pass this message on to any undergraduate student who may be interested?

Applications are now being accepted for summer internship opportunities at Reiman Gardens. We are looking for great students who want both work and educational experience this summer in a variety of areas including,

- Horticulture
- Entomology
- Biology
- Education
- Event Management, and
- Retail Management

More information about the internship program is here:

<http://www.reimangardens.com/internship-program/>

If you are interested in applying, please do so online by Sunday, February 17, 2018. Click here to get to the applications:
