BACKGROUND
The Winous Point Marsh Conservancy (WPMC) is a small non-profit wetlands and waterfowl charity located in Northwest Ohio. The WPMC manages a 5000 acre coastal wetland complex on Lake Erie whose use is shared with the historic Winous Point Shooting Club. In addition to managing coastal wetlands the WPMC oversees a wetlands research program with 5 – 10 projects annually, offers a summer student internship program, participates in local conservation initiatives, and delivers youth and adult education programs. The Winous Point Shooting Club, founded in 1856, is the oldest continuously operating duck hunting club in North America and membership hunts waterfowl from Sept – Dec within managed hemi-marsh and moist-soil wetlands.

Collectively, the organizations are seeking a skilled individual to work as an Assistant Manager. The Assistant Manager would be responsible for maintenance and upkeep of buildings, grounds, boats and vehicles, water control structures, dikes and levees, and research equipment. In addition, the Assistant Manager would be responsible for coordinating and scheduling seasonal guides and kitchen staff as needed to facilitate fall waterfowl hunting opportunities. Finally, opportunity would be available to assist with the implementation and delivery of marsh management and research programs.

POSITION
Assistant Manager – Grounds and Maintenance; Winous Point Marsh Conservancy

TERM
Full-time annual term position with opportunity for permanent status.

QUALIFICATIONS
It is desirable for applicants to possess a bachelors or equivalent degree in Wildlife Management or a similar field of study. The ideal candidate will possess a diverse skill set with experience in several of the following fields:
