Description

The Opportunity: The Washington State Department of Transportation (WSDOT) Environmental Services Office is currently seeking a Municipal Stormwater Permit Coordinator – TPS4 to work out of our Tumwater, WA office. You will be responsible for the overall development and implementation of requirements in the WSDOT National Pollutant Discharge Elimination System (NPDES) Municipal Stormwater permit and support the development of stormwater-related policy.

WSDOT is the steward of a multimodal transportation system and responsible for ensuring that people and goods move safely and efficiently. In addition to building, maintaining, and operating the state highway system consisting of over 18,000 lane miles and 3,600 bridge structures, WSDOT’s diverse programs and projects are supported by more than 6,800 full-time employees, including engineers, vessel captains, maintenance technicians, environmental specialists, planners and more. We take pride in our workforce and strive for excellence and integrity in everything we do.

This position will perform the following work:
Develop, manage and coordinate overall implementation of WSDOT's Municipal Permit and Stormwater Management Program Plan (SWMPP) to ensure the greatest likelihood of being in full compliance with requirements.

Participate in negotiating NPDES stormwater permit conditions and agreements with regulatory agencies.

Evaluate the SWMPP's effectiveness and WSDOT's ability to implement the NPDES Municipal Stormwater permit to assist in developing strategies and recommendations to management on resource allocations.

Guide implementation of the stormwater retrofit program in compliance with NPDES Municipal Stormwater permit requirements.

Manage stormwater-related consultant contracts. Develop scopes of work and budgets, track consultant invoices and expenditures, and evaluate deliverables to determine completeness, accuracy and identify problems.

Represent WSDOT and WSDOT interests related to stormwater with local jurisdictions, state and federal agencies, and other stakeholders.

Identify, research, analyze and develop recommendations for program, office and division managers on complex transportation issues related to stormwater.

Conduct stormwater-related legislative analysis and develop agency position on laws and regulations related to stormwater.

Coach, guide and mentor three direct reports.

An ideal candidate for this position will have:

Bachelor of Science degree in transportation, environmental, urban, regional, or land use planning, or natural/physical sciences.

Four or more year's professional experience in stormwater management.

Three or more years of professional experience in the development and implementation of NPDES Municipal Stormwater permits.

Master's degree in one of the above fields will substitute for one year of the required experience.

Knowledge of federal and state stormwater and water quality regulations.

Possess professional experience with regulated municipal separate storm sewer systems (MS4s) in Washington State.

Effective written, verbal, and presentation skills and the ability to communicate with a variety of audiences including the public, resource agency staff, project engineers, and legislative staff.

Demonstrated experience in project management, negotiations and collaborative problem solving.
Ability to lead and coordinate with technical staff in a multifunctional work environment.
Valid driver's license.

How to Apply: Applications for this recruitment will be accepted electronically. Please click on the large "apply" button at the top of this announcement. You may need to set up an account profile. To be considered for this position you will need to answer the supplemental questions, as part of the supplemental questions you will need to provide a letter of interest. Your letter of interest should describe how your experience, training and education make you a viable and competitive candidate for this position.

Contact us: For inquiries about this position, please contact Erik Lunke at (360) 705-7747 or email to lunkee@wsdot.wa.gov. Please reference recruitment number 17DOT-HQ-00667.

The Washington State Department of Transportation is an equal opportunity employer. Women, racial and ethnic minorities, persons of disability, persons over 40 years of age, and disabled and Vietnam era veterans are encouraged to apply.
