Subject: Natural Resource Management Jobs Available

The [Tallgrass Prairie Center](#), part of the University of Northern Iowa, is excited to share that we have two AmeriCorps summer job openings and two 11-month AmeriCorps job openings starting in September.

It will be greatly appreciated if you could please share this news with the NREM students that are interested in service as well as learning about Iowa's native plants management. They can find more information, such as how to apply and the stipend, for the [Summer AmeriCorps position here](#) and information about the [11-month AmeriCorps position here](#). Recent graduates are encouraged to apply for both positions.

Thank you so much! Please reach out if there is anything we can promote in our newsletter for you.
