

Plant Ecology Field Technician

The Houseman lab at Wichita State University seeks two highly motivated summer field technicians to assist with an NSF experiment testing the role of soil heterogeneity on prairie plant diversity. Some background with grassland plants is preferred, but applicants with high aptitude to quickly learn plants will be considered. Additional duties will include data entry, maintenance of experiments, and other related tasks. Positions will run from late May to August 2019. Pay is \$12/hour. Please submit a cover letter, CV or resume, and the contact information for three references to Greg Houseman at greg.houseman@wichita.edu. Review of applications will begin February 18, 2019 and continue until the positions are filled.
