Subject: Re: 2020 Seasonals 2.0

John,

What: Seasonal Ecosystem Restoration Intern
Where: Loess Hills State Forest - Pisgah, Iowa
When: July through November
Hours: Monday-Thursday 7:00-5:00
Pay: $11.30 per hour paid bi-weekly
Position Exact Title: Recreational Aide
Housing: Provided at no cost to you
Application deadline: June 24th by 1200 hours

Loess Hills State Forest is seeking to hire up to three seasonal employees to assist us in completely natural resources restoration and management. The successful applicant will work under the immediate supervision of the Area Forester. Work plans for the summer include:

- Removing eastern red cedar and deciduous trees from remnant native prairies.
- Conducting weed tree eradication in bur oak forest.
- Implementing growing season prescribed fire to manage native prairies.
Clearing vegetation from hiking trails.
Assisting our partners with natural resources management work.

These positions will be physically demanding. You will work outside with the Area Forester during periods of high heat and on steep terrain. You will be trained in the safe operation of chainsaws, brush clearing saws and other power tools as needed. You will also be trained and certified as a Pesticide Applicator in the State of Iowa.

Applicants should please email their resumes to: jeffrey.seago@dnr.iowa.gov

For more information please call: Jeff Seago @ 641-782-0986
