

This is a position with IDALS and the Boone SWCD.

Requirements

- Must be enrolled in college or recent graduate majoring in a field of study related to agriculture, conservation, engineering, construction trades, GIS, communications, public relations or urban planning.
- A portion of the intern's time should be spent working on CRP related items.
- Interns will be required to attend one intern meeting to discuss the Partnership.
- Interns will be required to complete a special project for the District such as hosting a field day or informational meeting, organizing an outreach event or other approved activity.
- Interns will be required to develop a "wrap up" presentation for the commissioners outlining their experiences as an intern.

Position Duties

- Types of work activities are up to each SWCD to decide, but it should be a diversified set of activities that supports the Districts request and the mission of DSCWQ, SWCDs and supporting partners.
- Examples might include: practice layout and checkout, CRP related work items, conservation planning, mapping, landowner contacts, news articles, water monitoring, urban conservation, resource inventory and others.

The position will be \$12.00/hour. The start date is May, and the total hours will be about 480 hours total. I am attaching an application. Please let me know if you have additional questions. I look forward to hearing from you.

If you need anymore information please feel free to contact me.

Thanks,

Christine Thompson-Bolton
Conservation Assistant
