A career with the U.S. Department of Agriculture, Forest Service is a job working for nature, managing and caring for more than 193 million acres of our Nation’s most magnificent lands. The opportunities are as endless as the views. Working for the Forest Service means protecting the fresh water millions of Americans drink, managing the country’s renewable resources, and sustaining the beauty of America’s landscapes. Work for the Forest Service and leave your legacy on nature for future generations!
