WARDEN RECRUITMENT

Warden Hiring Process Updates

We are excited to announce that we expect to open the conservation warden hiring process in mid to late-April 2021. More information will be posted on [wisc.jobs](#) and our [website](#) at that time.

For 2021, we have updated our conservation warden hiring process.

To explain these changes to potential applicants, we are hosting a webinar on Tuesday, April 6 at 6 p.m. This event will focus on our 2021 hiring and training process, and will provide a window for your first year as a conservation warden.

Please pre-register for the event [here](#).

The event will be recorded and available to view on [YouTube](#).

What Is It Like To Be A Warden?

Did you miss our webinar on March 24 about being a warden? Wardens Vong Xiong and Amanda Kretschmer discussed what it's like to be a warden, what the career means to them and how you could join their ranks.

LEARN MORE ABOUT BECOMING A WARDEN

Working For The DNR

The DNR employs a large, diverse workforce throughout our state. We seek employees with a strong customer service philosophy and an attitude of helpfulness.

Since 1879, conservation wardens have been proudly protecting the people and natural resources of Wisconsin. Our conservation wardens are certified law enforcement officers who patrol statewide day and night, investigate natural resource-related violations, and ensure the safety of everyone who enjoys the outdoors. Conservation wardens use education, enforcement and community involvement to accomplish their duties and promote the conservation ethic. The conservation warden career is both unique and rewarding, and requires candidates with a passion for helping others, communication skills and an appreciation for the outdoors.
