

Looking to immediately fill a Fall Wetland and Waterfowl Technician position on the Barker Ranch, a world class 2,000+ acre private duck hunting club located in West Richland, WA with over 140 duck blinds and numerous food plots and moist soil management units. The Ranch is managed primarily for migratory waterfowl. Applicants will be involved with all aspects of preparing the Ranch for flood up and the start of duck season.

Housing can be provided, and many fishing and hunting opportunities and close by.

Compensation will be determined by experience. Ending date will be flexible and can be negotiated later, but will likely go to a minimum of mid-October. Future permanent employment is possible if the right candidate is found.

Applicants must have a love of waterfowl and waterfowl hunting, as well as experience in equipment operation and maintenance.
